

EPA FINAL E-MANIFEST RULE

The final e-Manifest rule was signed on December 20th and there will be user fees for hazardous waste receiving facilities. A pre-publication of the user fee rule can be found here.

There are about 8,000 federally regulated and 80,000 more state regulated entities who will be affected. Because the system is electronic, there will be savings of up to \$66 million per year in the first six years, and \$90 million annually, thereafter. Fees are to cover EPA's costs for set up and maintenance and operation of the system and EPA passes along overhead utility and rent costs as well.

The rule becomes effective on June 30, 2018.
