[RAP UPDATE](#)

[PENNSYLVANIA ASPHALT PAVEMENT ASSOCIATION  
ANNOUNCES ANNUAL ENVIRONMENTAL SEMINAR](#)

Those of you in the construction and allied industries should mark your calendar for March 30, 2017.

The Pennsylvania Asphalt Pavement Association provides an Annual Environmental Seminar, which is scheduled for the Harrisburg area.

An important topic this year is the recently announced finalization of Best Management Practices for managing reclaimed asphalt pavement (RAP). The general permit formally used for managing RAP was not renewed by PA DEP.

Those who manage reclaimed asphalt pavement at construction and asphalt plant sites will want to know about the updated practices. There will also be annual contingency plan training held, along with important updated information on air permit changes.

The seminar announcement will be out shortly, and to make sure you receive a copy, email Tina Holtzman at [tina@pa-asphalt.org](mailto:tina@pa-asphalt.org) with the subject line "PAPA Environmental Seminar Announcement Request".
