

## JUSTIN LAUTERBACH IS NOW A QUALIFIED ENVIRONMENTAL PROFESSIONAL

Gary Brown, President of RT Environmental Services announced that the Institute for Professional Environmental Practice (IPEP) has awarded Justin Lauterbach certification as a Qualified Environmental Professional (QEP). Mr. Lauterbach is an Associate and Regional Manager for RT Environmental Services, Inc. Achievement of the QEP certification is considered to be an accomplishment of the highest order, signifying strong professional and ethical standards in the arena of environmental management. The award comes after rigorous scrutiny of experience and qualifications, and satisfactory completion of an oral/written examination. As a QEP, Mr. Lauterbach is required to participate in continuing education and to maintain high ethical standards.

The QEP certification is the first and only multi-media, multi-disciplinary, board-certified credential of its kind that required environmental professionals to consider the overall environmental picture, and to have the skills and knowledge to resolve real world problems. Through the QEP certification, environmental professionals demonstrate the breadth and depth of their knowledge and experience. It is distinguished from other certifications by its cross-disciplinary nature. The QEP is international in scope and has received accreditation by the Council of Engineering and Scientific Specialty Boards (CESB).

As a newly certified QEP, Mr. Lauterbach will join the ranks of certified environmental professionals throughout the world. Gary Brown and Ken Eden of RT are also QEPs. The Institute of Professional Environmental Practice awards approximately 50 certifications annually. We congratulate Justin on this important accomplishment. You can reach him at 724-288-4895 or [jlauterbach@rtenv.com](mailto:jlauterbach@rtenv.com).
