

LEGISLATIVE NEWS: 2014 REMEDIAL ACTION DUE DATE EXTENDED 2 YEARS

RT is happy to report that the RI extension bill A-4543/S-3075 was signed into law. Here is a link to the bill: http://www.njleg.state.nj.us/2012/Bills/A5000/4543_U1.PDF.

The requirements to qualify:

- 1) Hired an LSRP
- 2) In compliance with all mandatory timeframes
- 3) Paid all annual remediation fees
- 4) Paid all annual surcharges for RFS
- 5) Paid all fines/penalties that are not currently in dispute.

Finally, unless an RFS is already in place for the case, a remediation trust fund in the amount needed to complete the RI, must be posted prior to submission of the RI Extension Request Form.

The deadline for submission is March 7th. The Form should be available shortly.

RT will work with its clients at LSRP cleanup sites, to decide when to take advantage of the needed extension, where environmental issues at the site require further time to investigate. We think that this extension is good for orderly cleanup of the more complicated remediation sites in New Jersey.
