

Scientists, Geologists, Engineers, and Project Managers King of Prussia, PA, USA

RT Environmental Services, Inc. is looking for Environmental Scientists, Geologists, Engineers, and Project Managers to join our team. RT has been providing environmental consulting/engineering services to our clients since 1988 and has been under new ownership since 2020. RT is seeking Staff level personnel to join our team. RT is a growing firm, and opportunities for growth and advancement within the company are always available. RT maintains offices in Canonsburg (Western) and King of Prussia (Eastern) Pennsylvania, and in Bridgeport, New Jersey. We are currently looking for qualified individuals in our King of Prussia, PA office to fill roles as Field Technicians, Staff Scientists/Geologists/Engineers, and Project Managers.

RT offers a competitive salary and benefits package, including health insurance, a 401K retirement plan with guaranteed company match, bonus potential, and paid seminar & education expenses, etc.

General Qualifications

- Bachelor's degree or higher in geology, environmental science, or related scientific discipline and 0-10 years of technical experience in the environmental consulting/engineering industry.
- Must be detail-oriented, able to work in a fast-paced environment, communicate with clients and other staff, and prepare technical field notes and reports.
- Must demonstrate the ability to multi-task and possess prioritization skills.
- Attention to detail, quality of work, and the ability to take initiative and make technical decisions is a must. Excellent verbal and written communication skills are required.
- Initial 40 Hour OSHA HAZWOPER and/or 8 Hour Refresher is a plus.

Field Technicians/Staff Scientists/Geologists

- Must demonstrate the ability to work outdoors and oversee subcontractors in all weather conditions.
- Must demonstrate the ability to conduct fieldwork including site inspections, soil and groundwater sampling, geophysical oversight, monitoring well installations, and other environmental remediation and monitoring fieldwork activities.
- Must demonstrate an ability to communicate with supervisors and project managers from the field and possess the ability to make informed decisions. Technical writing/grammar skills are necessary.
- Prior experience with conducting Phase I and Phase II ESA's, ACM, and Indoor Air Sampling a plus.

Environmental Project Managers

Candidates for the Project Manager position must have prior experience completing environmental fieldwork activities, preparing technical reports, and managing environmental projects. Environmental experience may include, but not be limited to, the following:

Phase I Environmental Site Assessments

- Phase II Environmental Site Assessments
- Soil and Groundwater Investigations/Remediations
- Remedial Phase Reports (PA Act 2, NJ SRP)
- Brownfields Redevelopment Projects
- RCRA Investigations
- NPDES Permitting
- Storage Tank (UST) Investigation and Closure Projects
- Asbestos and Lead Paint Surveys/Abatements

- Prior experience with preparation of technical reports, such as survey reports, environmental assessments, workplans, investigation reports, permit applications, and other required written deliverables for submittal to clients and regulatory agencies.

- Prior experience with development of technical work scopes and proposals and ability to work on projects independently.

- Candidates for the Project Manager positions will possess prior experience in the areas identified above and be proficient in their writing and communication skills. Project Managers will be pro-active, professional, and demonstrate an ability to communicate with clients and co-workers.

- Preference will be given to those candidates that possess professional licenses and certifications in the environmental industry and/or are in the process of pursuing such.

RT Environmental Services does not discriminate in employment on the basis of race, color, religion, sex (including pregnancy and gender identity), national origin, political affiliation, sexual orientation, marital status, disability, genetic information, age, membership in an employee organization, retaliation, parental status, military service, or other non-merit factor.
