Gary R. Brown, President
RT Environmental Services, Inc.
215 West Church Road
King of Prussia, PA 19406-3203

Dear Gary:

Thank you so much for doing such a nice job in speaking about "Industrial Stormwater Compliance" at the PA Chamber's Fall Environmental Conference series. I had several people tell me personally how much they enjoyed the conference and that they learned a lot from all the presenters. And as you know, one company was so pleased with your presentation that they are now having you speak to their whole team. This is such a high testimonial to you for the great information you provided.

It was a pleasure having you on the program, and so glad that Justin and you could join us for dinner in Pittsburgh. Have a wonderful rest of 2017!

Sincerely,

Susan
